Medical and non-medical exemptions

Instructions for documenting medical or non-medical exemptions and history of chickenpox (varicella)

Follow steps 1 and 2 below to document a medical exemption, non-medical exemption, or history of chickenpox.

1. Place an X in the box to indicate a medical or non-medical exemption. If you are exempting your child from more than one vaccine, mark each vaccine you are exempting them from with an X.

Non-Medical Medical exemption: A health care provider

2. Obtain signatures for exemptions or history of chickenpox disease.

chickenpox before Sept. 1, 2010, a parent or guardian may sign this form.

(of health care practitioner, representative of a public clinic, or parent/guardian)

month and year

Required Immunizations	Medical	Non-Medical	Medical exemption : A health care provider must review and sign a medical exemption.
Hepatitis B (Hep B)			A health care provider includes a licensed
Polio (IPV)			physician, nurse practitioner, or physician assistant.
Measles, mumps, rubella (MMR)			By my signature below, I confirm that this child should not receive the vaccines marked
Varicella (Chickenpox)			with an X in the table for medical reasons (contraindications) or because there is laboratory confirmation that they are already immune.
Diphtheria, tetanus, and pertussis (DTaP)			
Tetanus, diphtheria, and pertussis (Tdap)			Signature:(of health care practitioner)
Meningococcal ACWY (MenACWY)			Date:
